

FINANCE, OIL AND GAS

UNCERTAIN TONE
TO THE MARKETLight Dealing Reflected
Caution During the
Day's Session.

NEW YORK, April 10.—An uncertain tone dominated the stock market today, reflecting greater caution on the part of professional traders.

Much of the day's hesitation was ascribed to the railroad strike and its possible effect on business. Expansion of labor difficulties in that quarter was accompanied by partial suspension of operations at western industrial centers.

The market manifested a strong one in the later dealings, under lead of steel, equipment and motors, but reacted sharply just before the close, when call loans advanced to 10 percent after having been in free supply at 6 percent.

Further unsettlement in foreign exchange was another adverse factor. British bills again lost ground temporarily and French and Italian rates fell to new low discounts as expressed in terms of the American dollar.

Further heavy gold exports to South America were announced, but they were neutralized by advices from London indicating an expansion of the gold movement from that center to this market.

There were perceptible signs of relaxation in the time money market, but such accommodations, it appeared, were limited to the shorter maturities and mostly for moderate amounts. Offerings of funds for commercial purposes were reported to be more liberal.

The stock market owed virtually all of its occasional activity to pools of selected issues, but these yielded to representative issues in the general reversal at the close. Sales amounted to \$1,200,000 shares.

Heavy selling of Liberty issues, some of which approximated low record, featured the enlarged operations of the bond market. Prices in the main ending lower. Total sales (par value) aggregated \$122,375,000. Old U. S. bonds unchanged on call.

Pittsburgh

PITTSBURGH, April 10.—Shares turned irregular on the Pittsburgh Stock Exchange yesterday, with a bear raid on Arkansas Natural Gas common featuring the day. Kay County Gas was the most active issue, more than 3,500 shares changing hands. About noon there was a sudden selling movement in Arkansas that broke the stock to a low of 25 1/2, from which it recovered to 26 1/2 at the close, for a net loss for the day of 2 1/2 points. News that Arkansas deep test well, Langston 117, came in dry and was abandoned at 1,700 feet, coupled with bearish reports that apparently are coming from the sources that spread last winter's salt water tales, had a depressing influence on trading.

Marland Refining and Guffey Gillespie were again active and Fireproofing preferred maintained its activity. LaBelle Iron turned strong and gained 8 1/2 points, while Pittsburgh Plate Glass rose 4 points. LaBelle touched 124 1/2 for a new high record for all time. Trading was more restricted than for some days, total sales amounting to 39,130 shares. Bond sales (par value) amounted to \$77,000, and of these \$5,000 of Pittsburgh Coal debenture 5s changed hands at 97, for a gain of 2 points.

The market closed weak and unsettled.

Grain and Produce

CHICAGO, April 10.—Widening out of the railroad strike, together with increased export buying of breadstuffs, led to a sharp upturn yesterday in the value of grain. Corn finished 1 1/2 to 2 1/2 net higher and oats, at an advance of 1 1/4 to 3 1/4 cents. Provisions closed 20@47c down.

The accepted bullish view of the railroad strike as affecting the corn market was that the big terminals are almost bare of any accumulated stock and that as contracts for shipments from the principal centers have yet to be filled, the shoppage of transportation tends more and more to compete higher prices. Nearby deliveries of both corn and oats, it was urged, must respond to this condition and would influence through sympathy the deferred deliveries.

TAKE A PRIDE IN YOUR GARDEN

BLUE GRASS GARDEN PLOW
About the best help-meet the small gardener could have is the Blue Grass Garden Plow. In fact, to be without it means to lose money, and you'll also lose out in results—viewing the respective losses from a standpoint of labor and crop-success.

Successful gardening depends largely upon the kind of implements used, and in the Blue Grass you have a garden plow that not only reduces your labor materially but accomplishes much more effectively than which you would do with hand-tools. You'll notice the difference as the crops mature.

If you take pride in your garden—and of course you do—you certainly want the best there is to be had in a garden plow, and we sincerely believe that plow is the Blue Grass.

With each plow we furnish you a complete set of attachments—shovels, calf-tongue, cultivator, weeder, etc. And the price is very reasonable, too.

3-Grain Tablet Makes Flesh.
Any one wishing to add to their weight, improve their color and restore a normal condition of the stomach and nerves, should adopt the wonderfully successful treatment known to physicians and druggists as "3-grain hypo-nucleic tablets," put up in sealed packages with full directions for home use. Red lips, pink cheeks, and 10 to 30 pounds increase in weight are not uncommon results from several months' usage. Ask your well-stocked druggist for them.

Careful Comparison

Compare carefully the loose pay-by-check with the accurate pay-by-check way and you will find many little money losses which added together will make a saving worth while.

Make the test—arrange to open a checking account here; deposit all earnings; make all payments by check; and the proof will be apparent.

Our officers will be glad to explain the advantages offered by this institution.
